

MOHIT KUMAR DUBEY

STUDENT

I am a Computer Science Sophomore at Student at VIT BHOPAL. I am an enthusiastic and optimistic, Hard working student. I always try to learn new things and new fact from whatever I do. And always try to seek opportunities to help me progress in life.

EXPERIENCE

INTERNSHIP

- I have completed my Internship in Artbeat as a Front-end web developer. I gave my best in order to complete the work that was given to me by the Team Leader and received a Letter of Appreciation along with a Letter of recommendation and Letter of Completion.

Project

- I have successfully created a news website called **NEWSPANDA** which is my first Full-Stack web development, the website helps you to read news of different categories from a different newspaper.
- **Face Recognition**- My Team had created a Student Login portal using face recognition that can help students for faster login as our College Project Exhibition.
